

## GAME RULES

- 1 Choose a challenge from the challenge booklet. There are 2 types of challenges:
  - A. Most challenges show the final position of one or more puzzle pieces on the game board. Place these pieces as shown in the challenge. Their position cannot be changed!
  - B. Challenges in the MASTER level show only the outline of the complete solution, without revealing the position or color of individual pieces. In these challenges, you will start with an empty game board.
- 2 Place ALL (remaining) puzzle pieces on the game board. Open ends of puzzle pieces must always connect to open ends of other puzzle pieces. Loose ends are prohibited. All pieces are double sided.
- 3 There is only one solution for each challenge, which can be found at the end of the challenge booklet. Carefully check if the solution matches the challenge, especially for the MASTER level with outlines.
